Attachment B

RESOLUTION OPPOSING EXECUTIVE ORDER 21

Whereas, the Halifax Community College Board of Trustees has reviewed Executive Order Number 21; and

Whereas, EO-21 ordered the Office of State Budget and Management to reduce allotments by five percent of each State agency’s certified budget with special exceptions possible for constitutionally mandated or entitlement programs. The community colleges in North Carolina are not State agencies and would therefore appear not to be included in the Executive Order.

Whereas, there were certain non-State agencies, including the community colleges, which were included in the Order even though they were not named in the Order.

Whereas, Halifax Community Colleges has experienced an enrollment increase of 24%. Since the community colleges are funded in arrears, unlike any other entity who receives funding, based on students served, this action amounts to a cut on top of a cut since the college already faces the problem of serving 24% more students with funding based on last year’s enrollment numbers.

Now, Therefore, Be It Resolved that the Halifax Community College Board of Trustees goes on record opposing the inclusion of North Carolina Community Colleges in Executive Order Number 21 and we respectfully request that Governor reconsider your decision and exempt the community colleges from EO-21 as you have done with other agencies.

Adopted in Weldon, North Carolina this twenty ninth day of September, two thousand and nine.
